New + Existing Artwork

Janji is looking for 3~6x original artworks from established or up-and-coming artists in the French West Indies to feature within our Spring/Summer 2023 collection.

ABOUT JANJI

Connecting people, places + cultures through running...

Janji is a small independent apparel brand that creates globally-inspired running apparel + gear.

Each one of our apparel collections is inspired by a different part of the world where we collaborate with local artists on our prints + graphics.

We seek to celebrate diversity through creativity + share the community's views as well as give back to the region that informed the designs.

2% from the SS23 collection will be donated toward clean water projects in Martinique/Guadeloupe such as chlordecone remediation efforts.

MEDIUMS

We are looking for original artwork (both new + existing!) that can be sublimated (digitally printed) or screen printed onto apparel – which means art limited to 2D representations. Janji will translate the artwork/design into a placed graphic or repeat print so do not worry about that.

ACCEPTABLE MEDIUMS

- Drawings (pen, charcoal/graphite, b&w, color, comics)
- Painting (watercolor, acrylic, etc)
- Collage / Mixed media
- Digital Illustration / Painting
- Photography (including photos of sculpture/nature/landscape)
- Poetry

INSPIRATION

While we like to keep the inspiration open to your interpretation, as a performance apparel brand we love artwork that...

honors connection to:

- place + people
- nature + environment
- motion + movement
- cultural significance

Connection to water is also a plus as we fundamentally believe that water is a human right + the lifesource of all creatures on our planet.

SUBMISSION REQUIREMENTS
